TYPE	QUESTION	ANSWER
Role	What is your current occupation or area of study?	Accounting Major
Problem Statement	What is the most significant challenge you face in your work or studies?	Focusing. Mainly focusung on my current studies. I find that focusing is valued greater than actually understanding the material.
Goals	What are your overall career goals?	Obtain a CPA license & work in public accounting.
Process	How do you plan on fulfilling these goals?	Just going through the motions. Taking classes, studying and applying to jobs. To get the CPA I would need to complete my degree and accumulate work hours. After that take and pass the exam.
Success	How will you measure success in attaining these goals?	Basidly by the certificate I receive for each step. The degree after I graduate or the license after the exam.
Obstacles	What obstacles do you see in attaining these goals?	The time pressure. Making sure I finish things on an appropriate timeline. Also, the fear of failure, mainly in school and other distractions in life.
Features	If you were to create portfolio, what are some features you think would add value to it?	A site the is sectioned off in certain categories. So a section that is strictly business that shows my past experiences. Also maybe a hobby page or about page, to show more about myself and my interests. A connect button that allows people to get into contact with me.
Expectations	What would you expect from seeing a portfolio?	A list of work experience and contact info. Things you would fine on a resume.
Concerns	What concerns, if any, would you have by using a portfolio?	Security issues and the loss of privacy. The fact that my personal information would be on the internet,
