#	Epic	Story Name	As a (Type of user)	I Want to... (What)	So that... (Outcome)	I know i've succeeded when...
1	Skills	Finding specific skills	Hiring manager	Find if a candidate has a specific skill needed for a job	I can hire someone who has the capabilities to do the work.	I can view the skills that the candidate has and clearly find an individual skill to see if it will align with what I am looking for.
2	Projects	Fiding a past work.	Hiring manager	I want to see what kind of work he has done.	So I know a general understanding of his skill set and to see if he is right for the job.	When I can see a list of his projects and read a little about the.
3	Personality	Potential partner	Freelance artist in need of a developer.	I want to see what kind of person the candidate is and see if he is worth working with.	We can work on a new project together	When I find his bio and see what interests him.
4	Contact	Get in touch	Hiring manager	I want to call and ask for a meeting.	So I can see how he is in person and learn more about his work.	I have found a way to contact him and set a date to meet.
5	Social	Socialbility	Peer	I want to know what he does outside of work.	I can see how I would get along with him as a potential project parner.	Once I find his social media page.
6	Fun	Playtest	Person who stumbled onto this site.	Play some games that he has made.	I can have fun.	When I have played some games.
